**Docket ID FEMA-2013-0002**

**[Internal Agency Docket No. FEMA-B-1145]**

**Proposed Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Proposed rule; correction.

**SUMMARY:** On October 7, 2010, FEMA published in the Federal Register a proposed rule that contained an erroneous table. On September 11, 2012, a correction to that original notice was published in the Federal Register. This notice provides corrections to that initial table and the correction notice, to be used in lieu of the information published at 75 FR 62061 and at 77 FR 55785. The table provided here represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Schuylkill County, Pennsylvania (All Jurisdictions).

Specifically, it addresses the following flooding sources: Good Spring Creek, Little Schuylkill River, Mahanoy Creek, Schuylkill River, and West Branch Schuylkill River.

**DATES:** Comments are to be submitted on or before [INSERT DATE 90 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** You may submit comments, identified by Docket No. FEMA-B-1145, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (e-mail) [Luis.Rodriguez3@fema.dhs.gov](mailto:Luis.Rodriguez3@fema.dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (e-mail) [Luis.Rodriguez3@fema.dhs.gov](mailto:Luis.Rodriguez3@fema.dhs.gov).

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

### **Corrections**

In the proposed rule published at 75 FR 62061, in the October 7, 2010, issue of the Federal Register, FEMA published a table under the authority of 44 CFR 67.4. Corrections to that table were subsequently published at 77 FR 55785 in the September 11, 2012 issue of the Federal Register under the authority of 44 CFR 67.4. The corrected table, entitled “Schuylkill County, Pennsylvania, (All Jurisdictions)” addressed the following flooding sources: Good Spring Creek, Little Schuylkill River, Mahanoy Creek, Schuylkill River, and West Branch Schuylkill River. That table contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for the flooding source Schuylkill River. In addition, several of the map repository addresses and the community name of the Borough of Middleport included in the notice were incorrect. In this notice, FEMA is publishing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published.

In proposed rule FR Doc. 12-22302, beginning on page 55785 in the issue of September 11, 2012, make the following correction. On pages 55785 and 55786, correct the table to read as follows:
